## Using the Logo in Various Shapes

Below are examples of how to use the Crowdin logo when it is inscribed in different shapes, such as circles or squares. The alignment of the logo is achieved visually, considering the asymmetrical shape of the mark.

### Logo in a Round Shape

To place the logo in a round shape, use visual alignment by placing the logo approximately 5-8% to the right. Ensure that the logo is scaled proportionally, making it 20% smaller than the background area.

### Logo in a Square Shape

When placing the logo in a square shape, use visual alignment by placing the logo approximately 5-8% to the right and make it 25-30% smaller than the background area.
